

Decade Survey

John Mather

2/18/98 NGST Quarterly

What it is

- Survey of astronomy needs for next ten years for NSF and NASA, by National Academy of Sciences
- Chairman not announced yet, but expected soon
- Needs very long time frame, concentrating on science, not specific mission concepts
 - Next Next Generation Space Telescope, etc.

Proposed NGST inputs

- NGST Science Plan (ASWG - Design Reference Mission, etc.)
- NGST Mission Plan and Concepts
- NGST Technology Plan
- NGST support needs from other areas, e.g. Keck, HobbyEberly, interferometry, new ground based telescopes, Millimeter Array, etc.
